How often will my bagged leaves be collected?

The City of Dayton is providing leaf collection service on four dates during the fall season. The four leaf pick up days are tied to your recycling schedule, so please note your four specific days on the collection schedule calendar inside this brochure.

Where do I purchase biodegradable paper leaf collection bags?

Biodegradable paper bags can be purchased at most major retailers and hardware stores for about 40 cents a bag.

What happens to the bags once they are collected?

City crews collect the bagged leaves for processing at City-owned composting sites, not the landfill. This is why leaves must be placed in biodegradable paper bags only.
