How to Prevent Trailer Thefts

- Use a hitch lock- this makes it more time consuming for thieves to steal your trailer
- Park your trailer in a well-lit area- most criminals do not want to be seen committing crimes
- You can also park your trailer in an area such as a fenced backyard or garage
- Make sure you have the license plate or registration information written down
- Mark your trailer with identifiable marks
- Block the tires with tire blocks or cinder blocks
- Lock your wheels
- Remember, if you see something, say something

Catalytic converter theft

is on the rise in your neighborhood

An exhaust admission control device that reduces toxic gases and pollutants in exhaust gas

Contains valuable metals such as platinum

SUV's, because of their height, (easier to get to converter) and lighter weight cars, such as the Prius, (easier to jack up, if needed) are common targets, but all types of vehicles are prone to this theft. It only takes about 5 minutes to steal your converter.

What can you do to prevent Catalytic converter thefts?

- Park your car in your garage whenever possible
- Park in a well-lit area
- Set your car alarm to pick up vibrations
- Use motion sensor lights in your driveway

Fraud Alert

Office of Inspector General for the U.S. Department of Labor

UNEMPLOYMENT INSURANCE FRAUD ALERT

This is a Fraud Alert from the Office of Inspector General at the U.S. Department of Labor.

Fraudsters are perpetrating numerous schemes related to the COVID-19 pandemic. In one scheme, scammers have offered to help individuals file claims for unemployment benefits. The scammers then ask for personal information including social security numbers and dates of birth. The scammers may ask you to provide payment, or your credit card information, in assisting you in filing or qualifying for your unemployment benefits. You do not need to pay anyone to file or qualify for your benefits.

Unsolicited calls, social media platforms, and door-to-door visits are several ways that individuals have been targeted.

Be aware that your personal information may be used fraudulently without your permission.

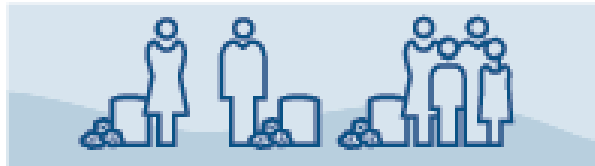

Victims of these scams face potential harm. The personal information the scammers collect may be used to commit identity theft to file fraudulent unemployment insurance claims.

If you would like to report an allegation of fraud involving unemployment insurance or other U.S. Department of Labor activities or programs, please contact the OIG Hotline at: <https://www.oig.dol.gov/hotline.htm> or 202-693-6999 or 1-800-347-3756.

WHAT IS THE HUB?

Dayton Regional Pathways HUB is a free program to help connect pregnant women to the medical and social services they need for a healthy pregnancy and delivery. Every Pathways HUB client is partnered with a community health worker (CHW) who is employed by one of our partner organizations. The CHWs serve as partners and coaches to help connect clients to resources and services so they can take charge of their health and achieve healthier lives for themselves and for their babies. They work together to identify risks and manage them, one by one.

OUR PURPOSE

To reduce infant mortality by eliminating barriers to health and well-being for at-risk pregnant women. This initiative serves all at-risk women, but we focus on African American and Hispanic women due to the impact that poor birth outcomes and infant mortality have in these specific populations.

OUR MISSION

To improve birth outcomes by using the Community Pathways HUB Model to find those women at greatest risk, treat their unique challenges by connecting them to effective interventions, and measure program successes.
