Gem City Diaper Bank

Help Us Address Diaper Need & Period Poverty in Our Community

*Change is good...
Especially when
it is a clean
diaper!*

Diaper Need Awareness Week - September 27 thru October 3

Why Support Diaper Banks?

- Government programs such as WIC or public assistance do not cover the cost of diapers.
- **1 in 3** families struggle to provide diapers for their babies.
- Families are forced to choose between utilities and diapers.
- Some families resort to cleaning out or drying soiled disposable diapers and reusing them to meet their diaper needs, which can lead to health issues.

Why Help with Period Poverty?

- In lieu of sanitary products, many people are forced to use items like rags, paper towels, toilet paper, or cardboard.
- Period poverty affects female health, education, and self-esteem & can lead to health issues like toxic shock syndrome, reproductive tract infections, and even cervical cancer.

You can make a difference!

- Donate a box of disposable diapers & wipes. There is a need for sizes **4, 5, 6, & 7**
- Make a monetary donation by visiting our website at:
<https://www.gemcitydiaperbank.org/>
- **NEW THIS YEAR:** Donate female hygiene products to fight 'Period Poverty'

What personal information have **YOU** been driving around town?

Be aware that personalizing your vehicle with stickers and signs could make you and your home an easy target for burglars.

Catalytic converter theft

is on the rise in your neighborhood

An exhaust admission control device that reduces toxic gases and pollutants in exhaust gas

Contains valuable metals such as platinum

SUV's, because of their height, (easier to get to converter) and lighter weight cars, such as the Prius, (easier to jack up, if needed) are common targets, but all types of vehicles are prone to this theft. It only takes about 5 minutes to steal your converter.

What can you do to prevent Catalytic converter thefts?

- Park your car in your garage whenever possible
- Park in a well-lit area
- Set your car alarm to pick up vibrations
- Use motion sensor lights in your driveway
