Crime Safety Tips

- Be street wise and safe.
- Stand tall and walk confidently. Watch where you're going around you.
- Stick to well-lit and busy streets.
- Walk with friends.
- Avoid shortcuts through a dark alley or a deserted street.
- If harassed by someone in a car, walk quickly or run in the opposite direction to safety.
- If you are really scared, scream.
- Never hitchhike. Accept rides only from people you know and trust.
- Don't flash your cash.
- Always have a well-charged cell phone immediately available.
- Know your neighborhood.
- What hours are stores and restaurants open?
- Where are the police and fire stations, libraries, and schools?
- If you go out for a late-night snack or a midnight movie, take a friend. Don't go alone.
- Most assaults happen to a lone victim.
- Let someone know where you are going and when you will come back.
- If you are driving, park your car in well-lit places and lock it when you leave.
- Check for uninvited passengers in the back seat or on the floor before you get in.
- Have your keys in hand when approaching your car. Don't wait until you get to the car.
- Alter your routine. Change daily patterns, take different routes to work or to school.
- Park in different locations. When jogging or bicycling:
 - Go with a friend and take familiar and well-traveled routes.
 - Don't jog or bike at night.
- Try it without your headphones. It's safer to remain alert to what's around and behind you.
