# Police and Youth Together

Police and Youth Together (PAYT) is an intensive, week-long day camp with a year of follow-up activities for students ages 10-13. PAYT is offered in collaboration with local area law enforcement agencies to intentionally build bridges between police and youth. At PAYT, we teach respect and foster the appreciation of differences. PAYT helps to create inclusive, peaceful communities and build future leaders.

NCCJ sources funding to allow all students the opportunity to attend PAYT FREE.

### **Combat Catalytic Converter Theft Prevention Marking**

Catalytic Converter theft is on the rise! Thousands are stolen across the country per day. To combat this alarming trend, the Catalytic Converter Theft committee of the International Association of Auto Theft Investigators (IAATI) in cooperation with the Institute of Scrap Recycling Industries (ISRI) suggests marking your converter.

Thieves are stealing converters from all types of vehicles and will make between US\$50-US\$875 per converter depending on the type and the precious metals content. Many lower emission/hybrid vehicles contain higher amounts of precious metals that are currently trading at all time high prices which is the catalyst for the increase in this crime. Some larger vehicles have multiple catalytic converters which make them prey for the theft. The cost to the vehicle's owner to repair can be several thousand dollars.

A catalytic converter is an EPA exhaust emission control device that reduces toxic gases and pollutants in exhaust gas from an internal combustion engine into less-toxic pollutants. Converters are typically found beneath the vehicle as part of the exhaust system.

Most catalytic converters do not have serial numbers, making it difficult for law enforcement to prove a catalytic converter is stolen. IAATI and ISRI believes starting a vigorous public education and information campaign to encourage vehicle owners to uniquely identify their catalytic converters, so they can be associated with a vehicle will have a substantial effect on deterring the theft.

We have compiled two ways for consumers to protect their valuable property by clearly marking their catalytic converter on their vehicle. While a consumer may do this, there are also many shops that can provide this marking as well.

## Step One

### Option One: Engraving Marking

Engrave a number, such as the VIN or at least the last 8 of VIN or alternatively the vehicle's license plate number with the state/province. Engravers can be purchased at most local hardware stores for around US\$20.00. Caution must be used to not damage the catalytic converter while etching.

### Option Two: Catalytic Converter Safe Label Solution

Vehicle owners and fleets may benefit from purchasing commercially produced markers kits that provide:

- An ultra-destruct label (that will break into pieces if an attempt is made to remove them) that provides an identification number onto each catalytic converter.
- Includes metal etching fluid that applies the same unique code into the metal.
- Includes a secure free registration database.

Even if the label is removed, the etched number information will remain clearly readable for catalytic converter ownership to quickly be verified.

*The above photos are sample images of catalytic converter labels produced by RETAINAGROUP – IAATI does not endorse specific products, the above examples are for illustration purposes only.*

## Step Two:

Make your catalytic converter stand out.

Purchase some high-temperature (1300-2000 °F), automotive exhaust spray paint in a bright color, and spray a generous amount onto the converter.

By adding bright paint, you can create a visible deterrent to alert thieves to move on.

This paint also signals law enforcement and recyclers to look deeper for serial numbers or identification marks.

By clearly marking your catalytic converter you will be deterring the theft from happening in the first place. Other ways to protect your car from this vehicle crime are as follows:

- Park in a garage or secured parking area
- Install a bright motion sensor light to discourage potential thieves.
- Install an anti-theft device.
- Always lock vehicle and set the alarm.
- Fleet vehicles and minimally used vehicles should be parked in a secured, alarmed, well-lit yard.

About:

**The International Association of Auto Theft Investigators (IAATI)** is an organization of over 3,000 members representing 58 countries who work in coordination to combat auto theft and vehicle crimes. IAATI is dedicated to developing the highest professional standards among auto theft investigation, prevention and education. IAATI has active participation from the private sector, the insurance industry, automobile manufacturers and the National Insurance Crime Bureau of the US and its sister agencies in Canada and Europe.

*The Institute of Scrap Recycling Industries, Inc. (ISRI) is the "Voice of the Recycling Industry™." ISRI represents 1,300 companies in 20 chapters in the U.S. and more than 40 countries that process, broker, and consume scrap commodities, including metals, paper, plastics, glass, rubber, electronics, and textiles. With headquarters in Washington, DC, the Institute provides education, advocacy, safety and compliance training, and promotes public awareness of the vital role recycling plays in the U.S. economy, global trade, the environment and sustainable development. Generating nearly \$110 billion annually in U.S. economic activity, the scrap recycling industry provides more than 500,000 Americans with good jobs.*

# “You’ve Won” Scams

## Here’s how they work:

You get a card, a call, or an email telling you that you won! Maybe it’s a trip or a prize, a lottery or a sweepstakes. The person calling is so excited and can’t wait for you to get your winnings.

But here’s what happens next: they tell you there’s a fee, some taxes, or customs duties to pay. And then they ask for your credit card number or bank account information, or they ask you to wire money.

Either way, you lose money instead of winning it. You don’t ever get that big prize. Instead, you get more requests for money, and more promises that you won big.

## Here’s what you can do:

- 1. Keep your money – and your information – to yourself.** Never share your financial information with someone who contacts you and claims to need it. And never wire money to anyone who asks you to.
- 2. Pass this information on to a friend.** You probably throw away these kinds of scams or hang up when you get these calls. But you probably know someone who could use a friendly reminder.

Want to know more? Sign up for consumer alerts at [ftc.gov/subscribe](https://ftc.gov/subscribe).

...Pass it ON

## Please Report Scams

If you spot a scam, please report it to the Federal Trade Commission.

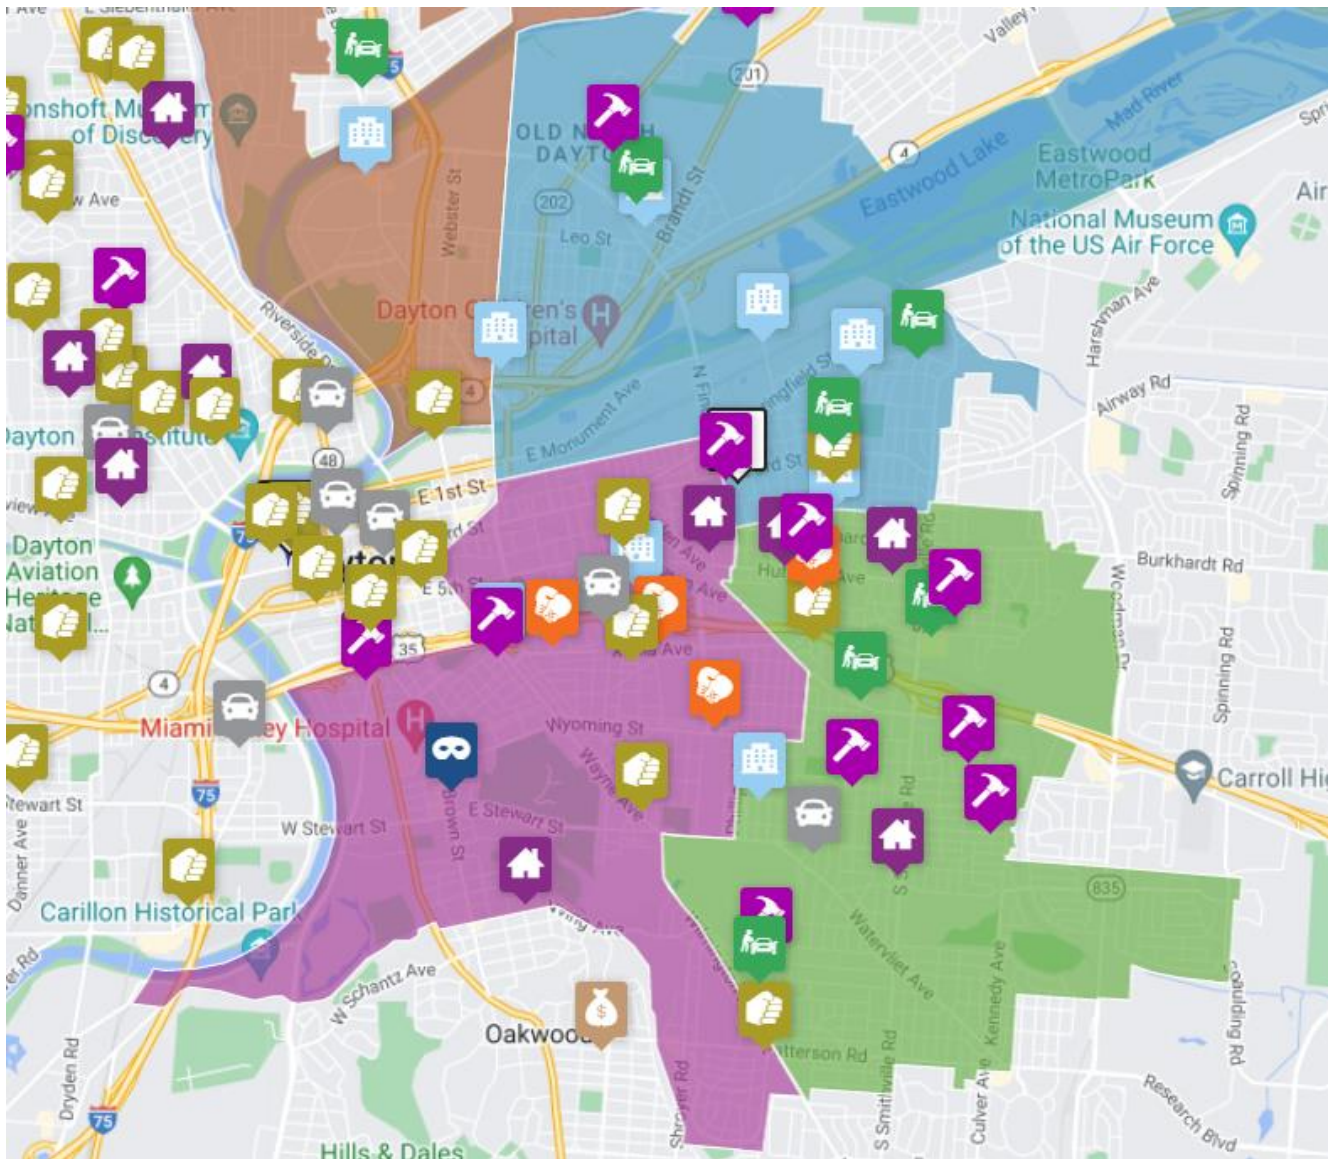

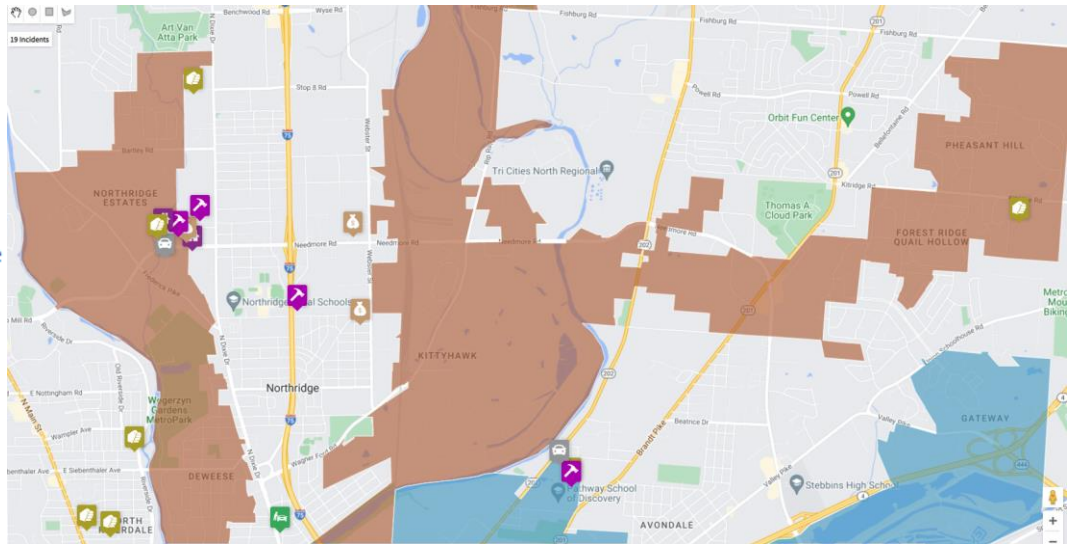

- Call the FTC at 1-877-FTC-HELP (1-877-382-4357) or TTY 1-866-653-4261
- Go online: [ReportFraud.ftc.gov](https://ReportFraud.ftc.gov)

Your report can help protect other people. By reporting fraud, you can help the FTC's investigators identify the scammers and stop them before they can get someone's hard-earned money. It really makes a difference.
