The Dayton Police Department offers “Safe Exchange Zones” at each Dayton Police District located at the addresses listed above. If you are buying, selling, or trading items to an unknown individual, these are safe, well lit locations with cameras to make your transactions.

OFFER UP/LET GO/CRAIGSLIST SAFETY RECOMMENDATIONS:

Due to recent robberies involving the OfferUp app, the Dayton Police Department strongly encourages you to utilize these tips whenever conducting a transaction on any of these marketplaces.

TIPS FOR SAFE BUYING/SELLING:

- Make the transaction in a public place such as a police station, fire department, or other public location. Make sure the location has a video surveillance system, and be in close proximity to the cameras when you do the transaction.
- Transact business during daylight hours.
- Make the transaction when other people will be around. Do not meet in a public place, and then follow someone to their car, or "just around the corner."
- If the deal sounds too good to be true, it probably is. Trust your gut.
- Never go to the transaction location alone. Take at least one other person with you.
- Trust your instincts. If something "doesn't feel right," leave immediately. This is not the time to worry about hurting someone's feelings. Your safety is paramount.
- If they have to leave you to "go get" something, this is a good indicator that you are about to be robbed.
- Unless the item is too large to take out of your home, never invite a buyer to your home.
- Never agree to meet a seller at their home or other residential address (unless the item is very large).
- Do not linger after the transaction. Make sure you are not being followed.
- Be very cautious when buying or selling high-value items. Meet at a police station.
- Use the app to report users who violate the terms of the marketplace.
- Report all crimes to the police.

**ALWAYS USE CAUTION AND BE COGNIZANT OF WHO IS AROUND
YOU DURING YOUR TRANSACTIONS!**

Do you hide your valuables in one of these popular hiding places?

Dresser drawer

Bedroom Closet

Freezer

Guess what: Those are some of the first places a crook will look.

TIMING

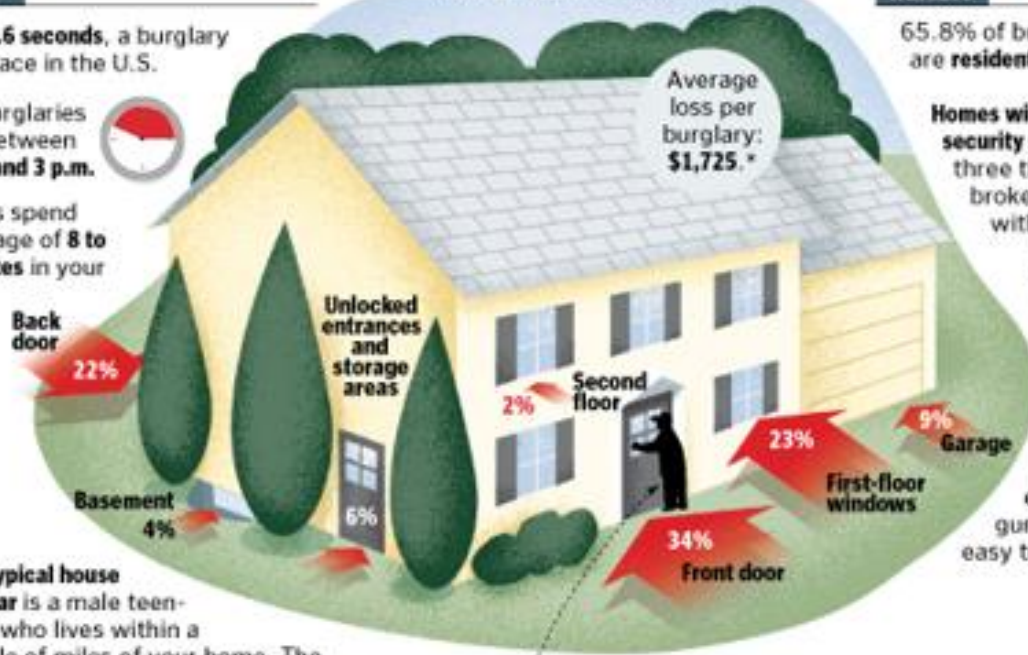

Every 14.6 seconds, a burglary takes place in the U.S.

Most burglaries occur between 10 a.m. and 3 p.m.

Burglars spend an average of 8 to 12 minutes in your home.

The typical house burglar is a male teenager who lives within a couple of miles of your home. The chance of being victimized by a professional thief is low.

WHERE THIEVES GAIN ENTRY

TARGETS

65.8% of burglaries are residential.

Homes without security systems are about three times as likely to be broken into than homes with security systems.

First stop: Usually the master bedroom because most people keep their valuables there.

Favorite items: Cash, jewelry, electronic equipment, silver, guns and other items easy to sell.

PRECAUTIONS YOU CAN TAKE

Burglars search for homes that appear to be unoccupied. A car in the driveway, motion-sensitive exterior lights, interior lights, and radios and TVs on timers all give the impression that someone is in the home. Stop newspaper and mail delivery, and have neighbors watch your home.

Burglars want to spend no more than 60 seconds breaking into a home. Measures that raise this time — deadbolt locks, bars on windows, and pins in sash windows — might change a burglar's mind.

Don't give burglars any help. Clear shrubs and trees around your home. Don't give burglars a place to hide. Secure tool sheds and ladders. Some thieves will steal tools from around your property and use them to break windows and doors.
