The capabilities of trained canines enhance a law enforcement officer's ability to detect and prevent crime, and to identify and apprehend suspects. The Dayton Police Department's K-9 unit partners officers with expertly trained canines to assist in tracking and the detection of subjects as well as other services that protect our community.

In this class, you will get the opportunity to talk to the Police K-9 handlers and hear first-hand how DPD canines are trained and work within our community. You will also get a chance to experience K-9 training techniques with the hands-on portion of the class.
