4/27/2023	1924	55 W BURTON AV	FIVE OAKS	3 juveniles were arrested attempting to steal vehicles. Had USB ports in pockets as they entered Kias

10 ways to stay safe when buying and selling online

1. Always meet in a public place

Most police departments will be happy to accommodate you, and they are open 24/7.

2. Tell someone

Tell a trusted friend or family member what you're doing and have another trusted friend or family member accompany you to the transaction.

3. Never meet at home

Find a neutral site to meet – never at your or someone else's home.

4. Always meet during the day

Never conduct your transactions at night.

5. If it's a high-priced transaction, do it at a bank

The higher the price of the item involved, the higher the risk of the transaction. Conduct these transactions at a banking facility so a banking professional can confirm the funds have been delivered successfully.

6. Don't pay in cash

Do not accept cash and do not offer to pay in cash. Use a cashier's check instead and make it a non-negotiable term of the transaction.

7. Disable caller ID

Disable caller ID when calling the buyer or seller on the phone. Most cell phone and landline carriers offer this by dialing *67 before making the outgoing call.

8. Don't use your personal email

Use an anonymous email address to communicate with the buyer or seller.

9. Keep your cell phone close

Have a cell phone in your hand during the entire transaction and be ready to call 911 at the first sign of trouble.

10. Don't reveal personal information

Remember this is a business transaction, so never reveal Social Security numbers, home or business addresses or banking information

House of Worship Security Assessments

The Dayton Police Department offers **FREE** security assessments for all Houses of Worship in our community. Our assessments will present options for up-to-date measures to improve safety for your congregation.

**Is it time for your
H.O.W. to update its
safety measures?**

Between 2009 and 2022, there have been over 37 acts of targeted violence against houses of worship in the United States, including 64 deaths. Fifty-four percent of the attacks were an armed assault of some kind, including five attacks that qualified as mass shootings. Sixty-seven percent of the attacks were motivated by hatred of a particular racial or religious identity.

Our safety
evaluations cover:

- Lighting
- Cameras
- Windows and Doors
- Entrances and Parking lots
- Controlled Access
- Safety Team Development
