The City of Dayton has announced the newest investment of Dayton Recovery Plan funds, following approval by the City Commission on May 24.

A \$21,648 contract was awarded to Garfield Construction Company, LLC, for blight removal services in Old North Dayton. The northeast Dayton neighborhood is one of five Dayton Recovery Plan target areas.

Garfield will clear brush and vegetation from identified vacant properties in Old North Dayton, which is a qualified census tract for the Dayton Recovery Plan.

The project is part of the Dayton Recovery Plan's \$55 million Improving Our Neighborhoods initiative, which focuses on City-led and managed projects that support neighborhood revitalization.

Garfield Construction is a specialty contractor serving the Dayton area and concentrating on landscaping.

The Dayton Recovery Plan is a \$138 million framework for community COVID relief and investment for the future, made possible by the federal American Rescue Plan Act.
