Car Seat Safety Program

The Car Seat Safety Program provides free car seats and training for families that are economically disadvantaged. Offering the class ensures that parents and caregivers know how to properly install and use car seats, which mean children stay safe.

A Partner On Your Personal Journey

Goodwill Easterseals Miami Valley understands that safety seats can be expensive to purchase, and sometimes difficult to use properly. We also know that safely securing your child when he or she is riding in the car can help prevent injuries or deaths that often result from crashes. If you benefit from the WIC program or are eligible for Medicaid, we can help you keep your child safe during transportation by providing a child passenger safety seat.

Resources to Achieve Independence

- **Safety Seats** – If you live in the greater Miami Valley region and meet eligibility requirements, you can benefit from this valuable service made possible by our local partnerships. A donation per seat is requested.
- **Certified Technicians** – A certified technician will assist you with the installation of your new safety seat. You do not need to have a vehicle to receive a car seat, but it is best to install the seat in the vehicle your child will be riding in most.
- **Education** – Through a video and information session, you'll learn about the stages of safety seat use so that even after you receive your car seat you'll know how to keep your child safe as he or she grows up.
- **Resources** – If you or someone you know would like additional information about child passenger safety and the safe transportation of children, we can provide educational materials about special needs and travel safety for anyone who is caring for your child.

**Enrolling now for classes at our new
West Campus located in Trotwood**
