New sidewalks and curbs will be constructed this year in southwest Dayton's Edgemont neighborhood, following City Commission approval of a \$463,000 Dayton Recovery Plan-funded contract on Aug. 14.

Edgemont neighborhood corridors to be improved include Cincinnati Street, Miami Chapel Road, and Edgemont Avenue.

Six additional neighborhoods (Five Oaks, Wolf Creek, Carillon, Miami Chapel, Old North Dayton, and Twin Towers) will have similar infrastructure improvements as additional contracts are approved.

Improving neighborhoods is a priority area of the Dayton Recovery Plan, with a total of \$55 million targeted to neighborhood investment. Funded activities include infrastructure improvements, demolition, housing repair/rehab, and small business support.

The Dayton Recovery Plan is the City of Dayton's framework for transformative investment of \$138 million in federal American Rescue Plan Act funds dedicated to recovering from the COVID-19 pandemic. Dayton's goal for the funding is to create long-term transformational and sustainable impacts in focus areas, as well as special initiatives with impact citywide.
