

Two employees promoted to division manager in Public Works

Release Date: Tuesday, Oct. 23, 2018

City Manager Shelley Dickstein announces the promotions of two City of Dayton employees to division manager positions in the Department of Public Works.

John Parker is promoted to manager of the Division of Waste Collection. Parker will oversee a staff of 87 and equipment collecting waste and recyclables at nearly 65,000 residential addresses. The Division of Waste Collection also provides services to Jefferson Township. Parker joined the City of Dayton in 2011, working as a program coordinator in the Department of Recreation and Youth Services, with assignments including interim manager of the Dayton Convention Center.

David "Joey" Shope is promoted to manager of the Division of Property Management, where he will be responsible for the operation and maintenance of 60 City-owned facilities, including management of parking, security and capital improvements. Shope joined the City of Dayton in 2011 and has worked as a finance technician, buyer, business manager and interim manager of the Division of Property Management.
