At its scheduled April 27 meeting, the Dayton City Commission will consider an informal resolution urging the Ohio General Assembly to support a proposed amendment to the Ohio constitution that would permit Ohio cities to issue general obligation bonds for sewer and water capital improvements.

The Dayton resolution calls for the General Assembly to support Senate Joint Resolution 3 as introduced by Senator Joe Schiavoni. It acknowledges water and sewer infrastructure as vital to the continued success of businesses, institutions, and residences in Ohio communities and notes that the Ohio constitution already allows the use of proceeds from state general obligation bonds for road and bridge projects.

Mayor Whaley and Senator Schiavoni will be present at the meeting to discuss the issue. The Commission meeting is scheduled for 8:30 a.m. at City Hall (101 W. Third St., second floor).
