Dayton International Airport is happy to announce a new addition to its departure schedule: American Airlines will begin a new weekly nonstop flight between Dayton (DAY) and Miami, FL (MIA) starting Nov. 7, 2020, and operating through April 3, 2021.

"We know how important access to Miami is, especially during the cold winter months," said Brian Znotins, American's Vice President of Network Planning. "Nonstop flights to MIA mean just one stop to the Caribbean and Latin America for beautiful escapes, and we look forward to providing that convenience for our customers in Dayton."

"For more than 80 years, American Airlines has helped connect Dayton to the world. We are extremely excited about American's decision to bring additional service to Dayton. Our passengers and our community will benefit from the convenience of this new nonstop flight to Miami, and just in time to take a break from the winter chill of Ohio," said Gil Turner, Director of Aviation for the City of Dayton.

The weekly schedule starting Saturday, Nov. 7, 2020:

DAY to MIA, departing 6:30 a.m.

MIA to DAY, departing 9:30 p.m.

"It has been encouraging to see passenger confidence in our airport and our airline partners continue to grow since the beginning of the pandemic. In partnership with the airlines, we have implemented aggressive measures to keep our passengers and employees safe while at the airport and throughout their travels," added Turner.
