The airport known for being easy-to-and-through has begun special reduced parking rates, in effect until further notice.

Whether you are traveling for leisure, business or a combination, the Dayton International Airport (DAY) and all our partner airlines are following national, state and local guidelines and recommendations to keep our travelers, guests and employees safe.

On-airport parking continues to be the most convenient, safest and best value for DAY air travelers. The long-term lot now has a special rate of just \$5/day, and is a quick walk through the covered garage into the terminal. The short-term park & walk lot now has a special rate of just \$10/day. This convenient lot is located next to the airline ticketing entrance and accepts credit cards only for a completely touchless transaction.

The covered garage is open and houses reserved parking, which can be confirmed at FlyDayton.com, along with a complete listing of all airport amenities.

There is signage directing air travelers to these lots for the special rates. During this time, the economy lot, valet parking and the overflow lot are all closed. The DAYrider Courtesy Shuttle is temporarily not in service. If you need special assistance while parking, call 937-898-1555.
