

E. Fifth Street Closed to through traffic July 21st

Release date: Tuesday, July 20, 2021

Starting tomorrow, E. 5th Street will be closed to traffic between Wayne and Patterson from 6 a.m.-5 p.m. potentially through Friday of this week. Traffic will be detoured to E. 4th Street during the closure. We're working to install a new water service line to a business in the Oregon District, and afterward, a full street brick restoration will take place to make sure the road looks good as new.
