The City of Dayton has again earned recognition for excellence in financial reporting from the Government Finance Officers Association (GFAO).

The national professional organization awards its annual Certificate of Achievement for Excellence in Financial Reporting to government organizations exceeding the minimum requirements of generally accepted accounting principles in annual financial reports. The certificate also recognizes success in achieving transparency and disclosure in financial reporting.

"Our financial professionals work hard to ensure that the City of Dayton's financial information is reported in a comprehensive, timely and accurate manner, year after year," said City Manager Shelley Dickstein.

The 2016 honor marks Dayton's 33rd annual certificate of achievement from GFAO.
