

FOR IMMEDIATE RELEASE

On-airport Economy Parking Lot fully open after reconstruction

Release Date: Thursday, October 5, 2017

Contact: Linda Hughes, Marketing Manager, 937-454-8200

After five months of construction, Dayton International Airport (DAY) has fully opened the new and improved \$4.95-per-day on-airport Economy Parking Lot for passengers.

Updates to the economy lot include over 2,700 spaces, 42 handicapped spaces, seven shuttle bus shelters (shuttles run every 4 to 6 minutes, making on-airport parking close and convenient).

"The airport is proud of these improvements," said Terry Slaybaugh, director of Dayton International Airport. "The updated economy lot with convenient, affordable, and safe parking adds tremendous value and convenience to visitors."

In addition to lot resurfacing, improvements include repainted shuttle bus shelters (soon with new graphics for easy identification). New security cameras and blue call boxes are in the final stage of installation. Weather permitting, landscaping will be completed in October.

The on-airport parking loyalty program, DAYperks, gives members maximum benefits of the new improvements. The free loyalty program grants members access to designated entry and exit lanes and earns points redeemable for free parking. More information on the DAYperks program can be found at DAYperks.com. All on-airport parkers can reserve covered parking spaces in the garage by visiting flydayton.com and clicking on the reserved parking icon.
