

Dear Jefferson Township Resident:

The City of Dayton's Division of Waste Collection is pleased to provide you with important information about exciting improvements to your waste collection and bulk waste pick-up services. **The changes will mean better overall service and a cost savings for you!**

As you may be aware, the Jefferson Township Trustees have approved an agreement that allows the City of Dayton to perform waste collection services for Jefferson Township residents. While Jefferson Township residents have traditionally contracted with a private hauler to remove your waste and handle bulk waste collection, those services will now be handled by the City of Dayton's Waste Collection Division. As a result, you will experience an enhanced level of waste collection services while saving about \$20.00 a year in billings. This is a great example of getting "more for less!"

Please read this brochure carefully to understand how the new waste collection process will work. Please note that your regularly scheduled waste collection day may change. In addition, please review the enclosed information to learn how bulk waste items will be collected, and the ways you can recycle.

While change can sometimes be worrisome, we believe you will agree that the changes in your waste collection system will be welcome improvements. If you have additional questions after reading through this material, please call the City of Dayton's Public Works Call Center phone number at 333-4800.

Thank you, and we look forward to serving you!

Who Will Manage the Billing Process ?

The City of Dayton will manage the billing duties related to your waste collection service. In April of 2007, you will receive a bill from the City of Dayton for the eight months of 2007 the new service will be in effect (May - December). The amount of this bill will be \$120.00. Beginning next year, you will receive a bill for the \$180.00 annual cost in January. If you wish to obtain a second 96-gallon waste container, the cost is an additional \$60.00 a year. **Please look for additional payment information to be inserted with the first billing statement you will receive in April.**

As part of your new enhanced automated waste collection service, the City of Dayton will be providing each Jefferson Township residence with a green 96-gallon waste container. These containers will be delivered to your home by April 16, 2007.

For more information or questions, please call the City of Dayton Call Center at:

JEFFERSON TOWNSHIP

What Benefits Will City of Dayton Waste Collection Service Provide?

- **Enhanced Service Levels** – “Automated” weekly waste collection will be provided using easy, rollout containers supplied by the City of Dayton. In addition, free bi-weekly “Bulk Waste” collection will now be available on a pre-scheduled basis (please see more information later in this brochure). Plus, City of Dayton waste collection service operates every business day and every holiday except Christmas.
- **Cost Savings** – Jefferson Township residents will pay about \$20.00 less a year compared to using a private hauler.
- **Uniformity** – All Jefferson Township residents will be on the same system, which makes trash collection easier and improves the appearance of your neighborhood.
- **Revenue Sharing** – Proceeds will be shared between the City of Dayton and Jefferson Township. This means while you save money on your overall waste collection bill, Dayton and Jefferson Township will be able to re-invest the revenue back into their communities.

How Will the New Waste Collection Program Work?

Waste collection service will be provided to homes Monday through Thursday, with Friday being reserved for collecting pre-scheduled bulk waste items, like old furniture, appliances, bundled brush, and other large items.

The City of Dayton will provide each Jefferson Township residence with a 96-gallon green waste container that must be used for the new automated waste collection system. Please see guidelines for setting out your container below. The green City of Dayton waste containers will be delivered to each residence by April 16, 2007.

For more information about your waste collection day, please call the City of Dayton Call Center at:

333-4800

Guidelines for Setting Out Your Container on Collection Day

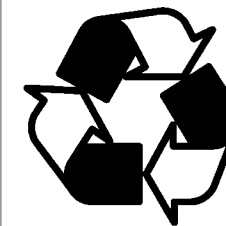

- Keep containers away from parked cars and other obstacles.
- For curbside collection, the container opening should be facing toward the street.
- Put your 96-gallon, rollout container out along the street by 7:00 a.m.
- Do not overfill your rollout container. The lid should be closed.
- Do not put loose trash in your rollout container. Please wrap or bag all trash items first.
- Do not have trash piled on or around the rollout container.

How Do I Schedule a “Bulk” Waste Pick-Up?

- Bulk waste collection will occur on alternating Fridays.
- Bulk waste pick-ups must be scheduled **in advance** by calling 333-4800. Please call between the hours of 7:00 a.m. and 5:00 p.m.
- Bulk waste items should be set out by the curbline. Collection crews begin pick-ups at 7:00 a.m.
- One pick-up equals material totaling 4ft. x 8ft. x 4ft. in size. Please have your bulk waste ready for pick up at the time scheduled.
- You must separate your metal items (stoves, refrigerators, etc.) from other bulk items. Remember to remove refrigerator doors.
- All loose and small items must be securely contained, bundled or bagged for easy pick-up.
- Sorry, crews cannot pick up concrete, rocks, brick blocks, sand, gravel, or hazardous waste.
- Yard waste (brush, hedges, tree limbs, etc.) must be tied into bundles not larger than 4 feet long and 18 inches in diameter. Bundles are limited to 25 pounds each. Please note that the City cannot pick up grass clippings.

Recycling Process Remains Unchanged

To dispose of your recycling products, please drop them off at the Jefferson Township Municipal Building, 1 Business Park Drive, or at the Jefferson Township Fire Station, located at the corner of Liberty-Ellerton and Dayton-Liberty roads.
