**Subject:** Use of FUSUS by Dayton PD

You don't often get email from teufelhund@gmail.com. [Learn why this is important](#)

I am writing to formally voice my opposition to the use of FUSUS by the Dayton Police. This technology appears to violate constitutional protections against illegal search and seizure. There is a third party collecting data without a warrant that is given to the Police. I support the use of technology to better assist in law enforcement duties, but those technologies CANNOT be used to violate the rights of the citizens of Dayton. The police, despite their belief or desire are not above the law and should not be give tools that are blatantly violating the natural rights of the citizens of our city.
