

SOURCE WATER PROTECTION PROGRAM UNWANTED WASTE DISPOSAL PROGRAM

An unwanted chemical collection service

This is an opportunity for small businesses in the Source Water Protection Area (SWPA). The Unwanted Waste Disposal Program will provide a one-time removal of unwanted, legal, regulated substances at a disposal value up to \$3,000, at no cost to the business.

ELIGIBILITY

- Location within the regulated portion of the SWPA (1-Year Time of Travel)
- SWPP Regulated Substances only
- One pick-up per eligible business
- Not to overlap existing waste hauler

BENEFITS

- Reduction of chemical inventory
- Decrease risk to groundwater, the source of drinking water
- Promotion of safe chemical handling
- Strengthen community relationships
