REQUIREMENTS FOR SUBMITTING BUILDING PLANS

A minimum of three (3) sets of plans are required for all Commercial and Residential Projects. Two (2) sets are required for separate submittals of mechanical work (HVAC, Electric, Plumbing) and for all fire suppression and alarms.

For commercial projects, the **Design Professional's signature and SEAL** must be on all plans.

If the project will require permits for Electrical, HVAC, or Plumbing, the schematics should be submitted with your plans.

PLANS **MAY NOT BE ACCEPTED** WITHOUT ALL NECESSARY INFORMATION. SEE CHECKLIST BELOW:

- | | |
|--|---|
| <input type="checkbox"/> Site Plan | <input type="checkbox"/> HVAC Schematic |
| <input type="checkbox"/> Building Code Notes | <input type="checkbox"/> Plumbing Schematic |
| <input type="checkbox"/> Accessibility* | <input type="checkbox"/> Structural Plans |
| <input type="checkbox"/> Architectural Plans | <input type="checkbox"/> Electrical Schematic |

* New construction, additions and changes in occupancy of buildings must meet ICC A117.1 Accessibility Guidelines, including: handicap accessible restrooms, entrance ramps and parking spaces. These items must be shown on the plans for approval.

Separate plan submittal (two sets of drawings) is required for the following types of projects.

- Fire Suppression w/Calculations
- Fire Alarm System w/Strobes & Horns and calculations
- Kitchen Hoods

PERMIT FEES

COMMERCIAL PLAN REVIEW FEES will be collected when plans are submitted.

Plan Review fees are 0.1% of the Project Value, with a minimum fee of \$30.00, plus a 3% State surcharge.

Building permit fees are calculated in accordance with the "BOCA" type of construction method using the use group, the type of construction and the square footage of the project or based on the Project Value.

Calculations for permits fees:

Note: A State of Ohio surcharge will be added to all the following permit fees. The state surcharge is 3% for commercial projects and 1% for residential projects.

For Project Values less than \$2000, the permit fee shall be \$35.00 (\$60.00 minimum for mechanical work) plus the State of Ohio surcharge.

For costs \$2000 but less than \$100,000, the fee shall be \$35.00 plus 1.0% of the costs in excess of \$2000.

Example: Assume Project Value = \$50,000; Permit Fee = $\{[(\$50,000 - \$2,000) \times 0.010] + \$35\} = \515.00 . Add to this amount the State of Ohio surcharge. And, if a Building Permit, add the Zoning Certificate Fee also.

For costs \$100,000 or more, the fee shall be \$1015.00 plus 0.50% of the cost in excess of \$100,000.

Example: Assume Project Value = \$500,000; Permit Fee = $\{[(\$500,000 - \$100,000) \times 0.005] + \$1015\} = \$3,015$. Add to this amount the State of Ohio surcharge. And, if a Building Permit, add the Zoning Certificate Fee also.

Zoning Certificate Fee:

Zoning certificate fees are charged on all building permits. Zoning fees are 0.2% of the cost, with a minimum fee of \$75.00. (The state surcharge is not added to this fee.) **Example:** Project Value = \$50,000; Zoning Fee = $\$50,000 \times 0.002 = \100.00

Additional Fees:

- Revisions to Plans - A minimum fee will be charged for the second and subsequent filing of changes and/or additions of \$150.00 for commercial and \$75.00 for residential plans.

Certificate of Use and Occupancy (CUO) – The fee is \$203.30 for commercial or \$100.60 for residential property. For a replacement CUO, the fee is \$36.05 for commercial or \$35.35 for residential. The Ohio State surcharge is included in the fee amounts shown. Fees for time limited occupancy CUOs will also include a \$50.00 inspection fee and a \$30.90 plan review fee.
- Construction Water is charged for all **NEW** construction. Call the Department of Water for more information at 937-333-6804 or 937-333-3749.

Special Inspections - Inspections to assess vehicle, fire, or wind damage to buildings and to assess property listed as a nuisance by Housing Inspection are limited to 1-, 2-, and 3-family dwellings with a fee of \$50.00 for the inspection. All other structures must have an assessment made by a licensed professional registered with the State of Ohio.
