- 7 Employee Education and Training
- 2 Site Risk Assessment
- 3 Business Promotion
- 6 Blue-Gold Certification
- 4 Potential Financial Assistance
- 6 H2knOw Luncheons: Presentations/Discussions/Training

2. Would you like information about incentives?

Please mark any incentives you would like to learn more about:

- 1 Risk Point Buy Down
- 5 Risk Reduction Projects - Loans/Grants
- 0 Web Site Promotion
- 4 Best Management Practices Products
- 5 Business Clean Sweep
- 1 Annual Drinking Water Protection Recognition

3. Provide your ideas on any other services and/or incentives that a business may find useful to improve groundwater/drinking water protection:

- Tax credits would improve compliance because it integrates the finance department, which green lights funds for investments
- Ways to stop drainage of storm water on site without storm sewer. (Dayton Wire Products)
- Luncheons are a great way to provide information and knowledge of water protection, keep it up! Great thing you are doing

4. **How Did We Do?** The H2knOw Luncheons are being held to provide information and seek ideas on how we can continue to partner in groundwater/drinking water protection efforts. Please answer the following questions concerning the Lunch & Learn topics and format.

Were the topics of interest and helpful? 14-Yes 0-No

Please provide comments below:

- Website information very helpful
- Showing problems and solutions help companies identify what to look for
- Seemed like an AA meeting at first
- Good to get familiar with responses for possible improvements
- Good general overview of potential problems
- Very timely- Bryan was very open and candid. Sharon did a nice job as well very informative

Are there other topics concerning the SWPP you would like to hear more about in a future H2knOw Luncheon?

- Ideas that other businesses used to improve compliance
- Where to buy a spill kit

Was this H2knOw format an effective method of providing needed information?

13- Yes 0-No

Format suggestions:

- Kind of crowded but ok
- Business implementation like Hyland's
- The format is satisfying
- Great way to bring local businesses together to learn about water protection

5. Future H2knOw Luncheons:

Would you be interested in:

Having an H2knOw Luncheon for your employees to be held at your business site?

3-Yes 11-No

- Citywide Development
- Precision Metal Fabrications
- Hyland Machine

Hosting an H2knOw Luncheon at your facility for a wide business audience like today?

2-Yes 12- No

- Norton Engineering (if a smaller group)
- Hyland Machine

6. The Source Water Protection Program provides information in several formats:
