**CIVIL SERVICE RULES AND REGULATIONS

Sec. 3.5. Classified Service. The classified service includes all positions not included in the aforementioned unclassified service. The classified service is divided into two (2) classes:

- A. The competitive class shall include all positions for which it is practicable to determine the merit and fitness of applicants by competitive examination.
- B. The unskilled labor class shall include any classifications for which there are minimal or no experience or education requirements and which are designated by the Board and entered in its minutes. Certification of eligibles for appointments in the unskilled labor class shall consist of double the number to be employed, from which the appointing officer shall appoint the number actually needed for the particular work.

CIVIL SERVICE RULES AND REGULATIONS FOR THE DAYTON PUBLIC SCHOOL DISTRICT City of Dayton, Ohio

RULE 4: POSITION CLASSIFICATION

Sec. 4.1. Classification Plan. The official classification plan consisting of the titles and class specification for all positions in the classified service shall be prepared by the Superintendent of schools and approved by the Board, and from time to time amended as may be necessary to reflect changes in duties and functions. No person shall be employed to work under any title not included in the official plan. An official list of titles shall be maintained in the office of the Board. The Superintendent shall group jobs within a classification so that the positions are similar enough in duties and responsibilities to be described by the same title, to have the same pay assigned with equity, and to have the same qualifications for selection applied.

Sec. 4.2. Classification Specifications. Classification specifications shall be prepared by the Superintendent of Schools and approved by the Board. Such specifications shall include statements of the essential character of the work of the classification, essential knowledge, abilities, and skills, and the qualifications for persons who are to fill positions so classified. Qualifications shall be stated in terms of specific coursework at recognized institutions, experience, training, or in such other terms as to meet the requirements of the classifications. No minimum educational requirements are to be specified except in respect to professional and other positions for which such requirements are expressly imposed by statute or federal requirements and to the extent of the requirements so imposed, except for such positions where education and training are necessary to the performance of a specific job or professional pursuit. The qualifications listed in the specifications shall be followed in determining admittance to competitive or noncompetitive examinations.

Sec. 4.3. Specifications Interpreted. Inasmuch as many classes contain two or more positions, the class specification shall be considered to be descriptive of the class in general, and not restrict the duties of any given position within the class. In determining the allocation of a given position, the specification shall be considered as a whole. The fact that an employee might perform one or more of the duties listed for a given class does not in itself entitle him/her to allocation to that class. However, substantial changes in duties, except for a temporary period, should be reported to the Superintendent of Schools for consideration of possible changes in allocation or revision of the class specification.

Sec. 4.4. Determination of Job Series. For purposes of promotion, demotion and layoff, a class of positions may be placed in a job series. The Secretary and Chief Examiner, after consultation with the Superintendent of Schools or his/her designee, shall determine the appropriate job series for each class of positions based upon the progressive nature of duties, responsibilities and minimum qualifications. Said job series shall be approved by the Board and published as a Policy.

Sec. 4.5. Classification Changes. Whenever the duties or responsibilities of a position are changed, the following will occur:

**CIVIL SERVICE RULES AND REGULATIONS
FOR THE DAYTON PUBLIC SCHOOL DISTRICT
City of Dayton, Ohio**

- A. If all positions within a multi-incumbent class are equally affected, employees shall be placed in the new class without process of examination.
- B. In multi-incumbent classes, if the duties of a reallocated position(s) under its new classification are on a higher level than those performed under the original classification, the new position(s) must be filled by appointment from an eligible list or a certification list. If no eligible or certification list exists for the class, a temporary appointment may be made in accordance with Rule 9.
- C. In single incumbent classes, if a position is reallocated to a new classification, the incumbent may be placed in the new class without process of examination provided said incumbent meets the required minimum qualifications for the position. Such appointment must be approved by the Board.
- D. In all other instances, if the duties of a reallocated position, under its new classification, are on a lower level than those performed under the original classification, it may be filled by voluntary demotion, through implementation of the layoff procedures, if applicable, or by appointment from an eligible list or certification list.

- C. Where minimum or maximum requirements have been established for a classification, such requirements shall be specified in the examination announcement for said classification.

Sec. 5.5. Rejection of Applications. The Secretary and Chief Examiner may refuse to accept an application for any of the following reasons:

CIVIL SERVICE RULES AND REGULATIONS FOR THE DAYTON PUBLIC SCHOOL DISTRICT City of Dayton, Ohio

Sec. 5.7. Unskilled Laborers. Applicants for unskilled positions may be recruited, examined, certified and appointed in the same manner as applicants in the competitive class.

On the date a new eligible list is established, any in-process referral made from a previous list will continue until that specific referral is resolved, i.e., the applicant accepts employment or the applicant declines appointment or is rejected. Henceforth, any further referral shall be made from the newly-established list.

Sec. 8.8. Waiver of Appointment. No person whose name is upon an eligible list may waive his/her right to certification or appointment except for temporary inability, physical or otherwise, the proof of which shall be acceptable to the Board. A request for waiver of appointment must be submitted in writing to the Board within five (5) working days from referral. The applicant requesting a waiver cannot withdraw such request. Upon receipt of a waiver request in the office of the Civil Service Board, referral to the vacant position(s) will be made from the remaining eligibles in accordance with their rank on the eligible list. The Board may grant or deny such waiver and shall enter upon its minutes the reasons for its action in each case. When a waiver is denied the applicant's name shall be stricken from the appropriate list. A waiver shall not continue in effect for a period longer than thirty (30) days from the date of the Board's action, without special vote of the Board.

A former classified employee with permanent status who has resigned from the service in good standing may, upon the recommendation of the Superintendent and with the approval of the Board, be reinstated within one (1) year from the date of such resignation to a vacancy in the same classification he/she held at the time of his/her separation; provided, if such separation is due to injury or physical disability, such person shall be reinstated to the same office or similar position he/she held at the time of his/her separation, within thirty (30) days after written application for reinstatement and after passing a physical examination made by a licensed physician designated by the public employees retirement board, showing that he/she has recovered from such disability, provided further that such application for reinstatement be filed within three (3) years from the date of separation, and further profiled that such application shall not be filed after the date of service eligibility retirement.

CIVIL SERVICE RULES AND REGULATIONS FOR THE DAYTON PUBLIC SCHOOL DISTRICT City of Dayton, Ohio

RULE 9: APPOINTMENTS

Sec. 9.1. Types of Appointment. Appointments in the classified service shall be one (1) of the following types.

- A. **Permanent Appointment.** An original appointment to a full-time position made from a certified competitive or noncompetitive eligible list shall be a permanent appointment, but the incumbent is subject to the completion of a probationary period, as outlined in Rule 10.
- B. **Temporary Appointment Due to Extended Absence or Disability of a Regular Employee.** In the event of the extended absence or disability of a regular employee, an interim or temporary replacement may be appointed in the following manner:
 - (1) The appointing authority will notify the Secretary and Chief Examiner of the need for such temporary appointment and provide information citing the name and classification of the absent employee, nature of the absence, expected duration of the absence, and any other information required by the Secretary and Chief Examiner.
 - (2) Upon approval of the Secretary and Chief Examiner, the appointing authority may select for such temporary appointment any person on the proper list of those eligible for permanent appointment. The acceptance or refusal by an eligible of a temporary appointment shall not affect his/her standing on the register for permanent appointment; nor shall the period of temporary service be counted as a part of the probationary period in care of subsequent appointment to a permanent position.
 - (3) If temporary appointment cannot be effected from the eligible register, the appointing authority may nominate a person to the Secretary and Chief Examiner for noncompetitive examination and if said person is certified as qualified by the Secretary and Chief Examiner, may be appointed to temporarily fill the vacancy. Such period of temporary employment shall not count as time served toward any probationary period.
 - (4) If appointment cannot be effected by the above, the appointing authority is authorized to contract for such work.

In the absence of an eligible list and in those cases where a register is maintained of the names of persons desiring consideration for temporary employment, the Secretary and Chief Examiner shall furnish such listing to the appointing authority for use in selecting a nominee for noncompetitive examination.

- C. **Temporary Appointment for Periods of Six (6) Months or Less.** When the services to be rendered by an appointee are for a temporary period, not to exceed six (6) months, and the need for such service is important and urgent, the appointing authority may select an individual for such appointment using

CIVIL SERVICE RULES AND REGULATIONS FOR THE DAYTON PUBLIC SCHOOL DISTRICT City of Dayton, Ohio

the procedures outlined in (1) thru (4) above. Successive temporary appointments to the same position shall not be permitted.

- D. **Emergency Appointment.** In case of an emergency, an appointment may be made without regard to these Rules but in no case can such appointment exceed thirty (30) calendar days, and in no case shall successive appointments be made. Notification of such appointments shall be provided to the Secretary and Chief Examiner within five (5) calendar days of such appointment.
- E. **Provisional Appointment.** Whenever there is a vacancy in an authorized position in the classified service and such vacancy cannot be filled from a current eligible list, the appointing authority may nominate a person to the Secretary and Chief Examiner for noncompetitive examination, and if such nominee is certified by the Secretary and Chief Examiner as qualified, he/she may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination.

Any employee who is appointed provisionally to fill a vacancy and who remains in provisional status in the same classification for a period of two (2) years of continuous service, during which period no competitive examination is held, becomes a permanent appointee in the classified service at conclusion of such two (2) year period.

Provisional employees are subject to a probationary period in the same manner as those selected for original appointment or promotion. If the service of the probationary employee is unsatisfactory, he/she may be removed or reduced at any time during his/her probationary period after completion of sixty (60) days or one-half (1/2) of his/her probationary period, whichever is greater. Dismissal or reduction may be made under the provisions of ORC 124.34 during the first sixty (60) days or first half of the probationary period, whichever is greater.

- F. **Exceptional Appointment.** In case of a vacancy in a position in the classified service where peculiar and exceptional qualifications of a scientific, managerial, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable and that the position can best be filled by a selection of some designated person of high and recognized attainments in such qualities, the Board may suspend its rules requiring competition in such case, but such suspension shall not be general in its application, and all such cases shall be entered upon its official minutes.
- G. **Seasonal Appointment.** Upon approval of the Board, seasonal positions may be created, where the nature of the work is such that the service is not continuous throughout the year, but recurs in each successive calendar year. Any person appointed to such seasonal position under the provisions of this Rule, and who has been temporarily separated from the service during the inactive season, shall be

CIVIL SERVICE RULES AND REGULATIONS FOR THE DAYTON PUBLIC SCHOOL DISTRICT City of Dayton, Ohio

entitled to employment in the same position in each ensuing year, provided he is not in the meantime disqualified for any cause.

Any person appointed to a seasonal position, not assigned to work for a period of one (1) year, due to lack of work or to refusal of same on his part, shall be deemed ineligible for further assignment as a classified employee.

Service as a seasonal employee shall not be counted as time served toward the completion of a probationary period. The seasonal appointment of an individual shall not confer on the appointee any rights of status, appeal, or related rights set forth under these Rules.

- H. **Permanent Part-Time Appointment.** A permanent part-time appointment may be made to a position which requires the services of an employee thirty-five (35) or less hours a week. Permanent part-time employees may be selected through whatever process is approved by the Board, but shall have no right to full-time work unless they successfully compete in an examination.
- I. **Student Appointment.** Student appointments may be made, with the approval of the Board without competitive examination, on the basis of recommendations from the Superintendent and the student's school.

Sec. 9.2. Reappointment/Reinstatement. A former employee who has been reinstated in accordance with Rule 8, Section 9, may be referred and reappointed to a position within any Dayton Public School agency. A reappointed employee is not subject to a new probationary period.

Sec. 9.3. Physical Qualifications. No appointment shall be made without prior physical examination which demonstrates an individual's ability to successfully perform the duties of the position to which appointed.

CIVIL SERVICE RULES AND REGULATIONS FOR THE DAYTON PUBLIC SCHOOL DISTRICT City of Dayton, Ohio

RULE 10: PROBATION

Sec. 10.1. Initial Appointment. All persons initially appointed either competitively or noncompetitively shall be subject to a probationary period. This period is regarded as an integral part of the examination process and may be used to remove any employee who does not meet the required standards of professional and personal performance, with no right of appeal.

Sec. 10.2. Length. The probationary period shall be for a minimum of sixty days (60) days following appointment. The Board, upon request of the Superintendent of Schools, for specific job classification may authorize longer probationary periods, not in excess of one (1) year, if included in the classification specification. The probationary period shall be extended by the number of days during which the employee was absent without pay within his/her probationary period. A probationary employee may be removed or reduced at any time after completion of sixty (60) days of his/her probationary period upon the recommendation of the Superintendent of Schools, with the approval of the School Board and the majority of the Board. Dismissal or reduction may be made under provisions of Section 124.34. of the Revised Code during the first sixty (60) days of the probationary period.

Sec. 10.3. Probationary Report. A performance appraisal must be submitted by the Superintendent of Schools to the Secretary and Chief Examiner before the end of the probationary period, or at the time of probationary separation. If the employee's services are not satisfactory and he/she is to be removed, the performance appraisal must include reasons in support of removal. Additionally, the Superintendent will provide the probationer with copies of any recommendation for removal from service at the time of removal.

Sec. 10.4. Status of Separated Probationary Employee. An employee separated prior to the end of his/her probationary period, or resigning in lieu of dismissal, has no right of appeal. The employee will also be ineligible for any appointment to the classified service for a period of two (2) years, unless, in the judgment of the Board, the cause of his/her removal would not affect the employee's usefulness in some other classification.

Sec. 10.5. Permanent Employee. An employee who has served an initial probationary period is subject to an additional probationary period upon promotion or appointment to a new classification under the provisions cited in Section 10.2 above. In the case of unsatisfactory performance during the probationary period of such an employee, the Superintendent of Schools may submit to the Board a recommendation for his/her removal from the position under the following procedures:

- A. An employee who fails to qualify during his/her probationary period following promotion or new appointment has the right to return to his/her last previous classification or to an equal or lower position for which qualified. Such action will not cause the displacement or reduction of any other Dayton Public School District employee.

**CIVIL SERVICE RULES AND REGULATIONS
FOR THE DAYTON PUBLIC SCHOOL DISTRICT
City of Dayton, Ohio**

- B. The Superintendent of Schools' recommendation for a change in a permanent employee's status due to failure to satisfactorily complete the probationary period must clearly address those aspects of direct job performance which were unsatisfactory (such as the inability to operate new equipment, or the inability to learn and apply new job techniques, etc.). Incidents which would normally give rise to Charges and Specifications being brought against the employee because of misconduct should be administered through the Employee Discipline process, and should not serve as the basis for the reduction of an employee's status during the probationary period.

If a demotion is requested when no vacancy exists, the employee may be placed at the top of a promotional and/or open eligible list for the title to which the employee seeks demotion. An employee may not be reappointed to a classification from which he/she was voluntarily demoted without reestablishing his/her eligibility through the competitive process.

Sec. 12.2. Reassignment/Demotion Because of Physical Incapacity. When an employee becomes temporarily or permanently incapacitated for the performance of his/her duties due to his/her physical or mental condition, the Superintendent may demote or reassign the employee under the following conditions:

- A. Verification of the employee's disability must be furnished by competent medical authority as determined by the Superintendent.
- B. Such demotion or reassignment can be made only if a vacancy exists. No other employee will be displaced due to such action.
- C. The employee may only be reassigned or demoted to a position for which he/she is qualified and is within his/her physical capabilities. Such qualifications are to be assessed and certified by the Secretary and Chief Examiner.
